# Projects need to contribute to one or more of the below objectives:

- To understand and meet the specific needs of lesbians\* who are victims of gender-based violence (GBV) and provide tailor-made support for them.
- To ensure that systems for protection and prevention of GBV are used to serve lesbians\* and advocate for changes as needed.
- To strengthen the sustainability, skills and capacities of lesbian\* CSOs in responding to the GBV-related needs of lesbians\* and in becoming visible representatives for the topic.

*Please note that the project activities have to serve the objectives of actors/communities within the EU and the CERV participating countries. Also, they must take place within the European Union and CERV participating countries.*

# Activities that can be included in the project

- Activities on preventing and combating gender-based violence against lesbians\*
- Partnerships among lesbian\* CSOs and feminist CSOs in the field; coordination and strategic cooperation between lesbian\* CSOs, feminist CSOs and other stakeholders, public or private sector entities;
- Provision of free advice, watchdog and monitoring activities in the field, e.g. the Istanbul Convention or other EU legal and policy documents;
- Promotion of the implementation of adopted laws on GBV
- Lobbying/ Advocacy to influence policy and decision-making processes
- Research and analysis in this field
- Provision of gender-sensitive support services to lesbians\*, such as victim support tailored to the specific needs of victims who are lesbians\*
- Awareness raising and communication/information's activities aimed in particular at creating links and animating communities
- Community-based mobilization with direct involvement of lesbians\* (e.g., working with violence survivors, with cultural mediators, with community leaders, etc.);
- Tackling gender stereotypes as root causes of gender-based violence against lesbians\*;
- Awareness-raising and capacity-building to foster participation, ownership, and knowledge in the development, adaptation and/or implementation of legislation and/or frameworks or action, for instance, through a multidisciplinary working group (which meets regularly and has appropriate decision-making power), enhancement of coordinating mechanisms and procedures (e.g., protocols).

# Budget

You can choose between the budget template in the application form or the Excel template provided by EL\*C.

For each activity you are planning, you have to divide the costs into seven categories:

- A. Personnel
- B. Subcontracting
- C.1a Travel
- C.1b Accommodation
- C.1c Subsistence
- C2. Equipment
- C3. Other goods, works and services

As part of the application form, you will find the **Explanation of these budget lines** (Appendix I.) and a **Budget Example** (Appendix II.)

# This is a lumpsum grant – what does this mean?

**No financial reporting.**

The reporting is not based on what and how you spent, but **what you did, created, completed (implementation of project activities)**.

Instead of a financial report, we use “**Deliverables**” as **evidence** you can show to prove that an activity has happened (eg. photos, reports, attendance lists, agendas, publications).

# Activity Implementation Measurement Matrix

**The Matrix aims to make it easy to monitor the progress of each activity.**

The Matrix will serve as the basis of reporting.

We ask you to define deliverable(s) for each activity.

## **What is a deliverable?**

- The deliverable is the evidence you can show to prove that the activity has happened
- When thinking about deliverables, please consider **what will be the result or outcome of the activity**, and how you can show that result to others.
- Some examples: reports, attendance lists, agendas, photos, publications, etc.

As part of the application form, you will find an **Example Activity Implementation Measurement Matrix** (Appendix III.)

# Activity Implementation Matrix example

| Activity  | Deliverable(s)   | Start date | End date | Deliverable % |
|---|--|------------|----------|---------------|
| <b>1. Research and monitoring</b><br>Conducting a survey with at least 100 LGBTQ women who have experienced GBV about their experiences with authorities, service providers etc. Writing a report including findings and recommendations for policy changes and other improvements. | A research report with the findings, including a section on methodology, and a section on policy recommendations, the questionnaire        | 01.10.25   | 31.06.26 | 35%           |
| <b>2. Social media campaign</b><br>Launching a social media campaign reaching at least 10.000 individuals, with the result of the research and with recommendations   | A brief report including social media reach, some screenshots of the campaign elements   | 01.07.26   | 31.09.26 | 30%           |
| <b>3. Advocacy</b><br>Advocacy efforts with responsible authorities, decision-makers, service providers to discuss and propose changes/ improvements in policy responses to GBV based on experiences of LBTIQ women   | List of meetings with responsible authorities, decision-makers, service providers; list of recommendations; list of agreements/ next steps | 01.09.25   | 31.09.26 | 35%           |

- **Start and end dates** do not have to be this concrete
- **Deliverable %:** How important is that activity overall for the project, and how much of the resources are going into the activity. When adding up the percentages, the number should be 100%.

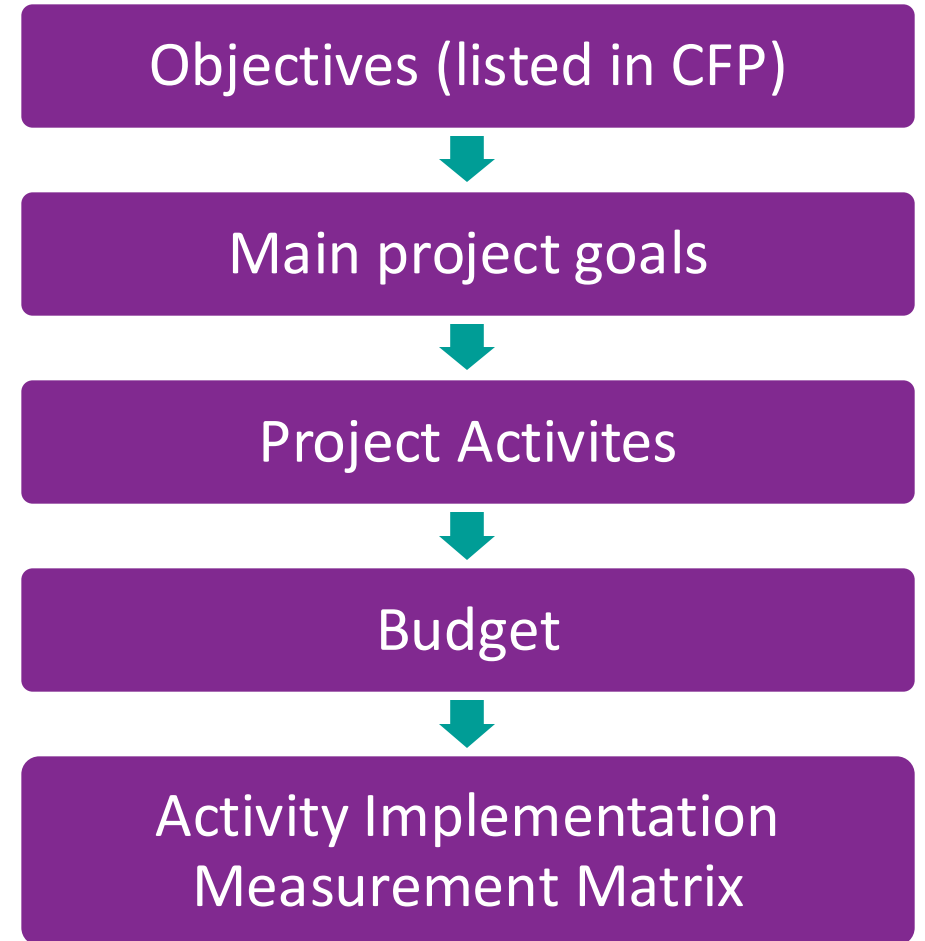

# Activity: Project Management

Please include Project management (or project coordination, leadership – wording does not matter) as a separate activity:

- In the **narrative** part of the project application
- In the **Budget** (example for that in Appendix II. of the application form)
- In the **Activity Implementation Measurement Matrix** (possible Deliverables here: project timeline, timesheet of project manager/coordinator, meeting notes from internal meetings)

# Keep in mind

1. The main goal of your project has to be linked closely with the objective(s) you select from the list in the Call for Proposals.
2. The planned activities of your project have to be linked closely with the main goal of your project.
3. Your budget has to be directly in line with your planned project activities. (Activities have to be the same, with the same name as the ones you listed earlier for the planned activities.)
4. Your Project Implementation Measurement Matrix has to follow the structure of your Budget. (Activities have to be the same as in your budget, in the same order.)

# Timeline and selection

## Timeline
